## SUCCESSFUL WOV DUBAI 2018

With the Premiere of **Work on Vacation** at **Atlantis & Anantara** - The Palm, Dubai; we witnessed the evolving business relationships of our participating brands with Architects & Interior Designers from India - Southeast Asia - Middle East.

We are elated to share the success of WOV Dubai, where each participant has taken the WOV experience with them, from core networking during 8th to 11th February 2018.

Our key vision was to ensure Relationship Building was established between all our participants. Hence, we strategized WOV with utmost detailing, ensuring multiple outlets for both formal and informal communications between the talented galore.

We hosted hardcore Business to Business Meetings for our Architects & Interior Designers with Brands at Premium Palm properties, followed by fun-filled Networking Evenings at Anantara's private beach

party on day one, Yacht party on day two and Desert Safari on day three.

With our Work & Leisure saga, we chose rich hospitality of Dubai, to add to the luxury and the success quotient of WOV platform.

Team WOV is happy to share the success of Work On Vacation with all WOV Participants, who believed in our vision and made **WOV - A WOW Experience!**
